|               |  |                         |
|---------------|--|-------------------------|
| 19:30 – 20:15 | <b>Participatory videos</b>  |                         |
|               | <p><u><i>Adaptation to Climate Change by Mphunga Villagers</i></u> (6'05)</p> <p>Malawi Red Cross, Red Cross &amp; Red Crescent Climate Centre<br/><a href="http://www.youtube.com/watch?v=3mVbDPeegP8">[http://www.youtube.com/watch?v=3mVbDPeegP8]</a></p> <p>Villagers in Mphunga produced a participatory video to share, through video screenings workshops, community-based adaptation practices with four other neighbor communities that face similar problems.</p>  | Malawi                  |
|               | <p><u><i>Chaos to Creativity; Grassroots Women Rebuild Their Communities</i></u> (15')</p> <p>GROOTS, with contributions from Comite De Emergencia Garifuna in Honduras, Foundation for Support of Women's Work in Turkey, and Swayam Shikshan Prayog in India<br/><a href="http://www.youtube.com/watch?v=tQZgkM9pleU">[http://www.youtube.com/watch?v=tQZgkM9pleU]</a></p> <p>This film looks at the lives of women from three different countries, (Honduras, Turkey and India) who have emerged as problem solver rather than victims. Some of the footage was gathered by community members themselves.</p> | Honduras, Turkey, India |
|               | <p><i>Panel presentations (Pablo Suarez, Suranjana Gupta) and debate with the audience</i></p>   |                         |
| 20:15 - 21:00 | <b>Educational videos for children, training videos for adults</b>   | Turkey                  |
|               | <p><u><i>Cartoon "Uncle Quake and nature"</i></u> (12')</p> <p><a href="#">[not available on You Tube]</a></p> <p>After the Kokaeli Büzce earthquakes, the Suadiye Rotary Club and a commercial animation studio co-operated to produce a three-part cartoon series entitled "Uncle Quake and Nature" to teach children how to get prepared and what to do during an earthquake.</p>   |                         |

Great California shake-out (4'39)

USA

U.S Geological Survey and the Southern California Earthquake Center

[<http://www.youtube.com/watch?v=opXZY1zZ8xk>]

On October 15, 2009, millions of people throughout California participated at work, school, and home in the ShakeOut Drill, the largest earthquake preparedness activity in U.S. history.

*Panel presentation (Marla Petal) and debate with the audience*

21:00 - 22:00

**Advocacy**

Bangladesh,  
Nicaragua, Burkina  
Faso, Guatemala and  
Philippines

Local voices, global choices (10'03)

Interagency video

[<http://www.youtube.com/watch?v=VpXPOEUrazE>]

A brief introduction on Community Based Disaster Risk Management developed jointly by a number of non-governmental agencies. This module, part of a series of three, is aimed at decision makers within NGOs, donor agencies and national governments. It contains footage of CBDRM projects in Bangladesh, Nicaragua, Burkina Faso, Guatemala and Philippines.

Cuba: Beating the hurricane (7'33)

Cuba

[<http://www.youtube.com/watch?v=yN9D-Qmlwko>]

United Nations

The Caribbean hurricane season runs from June to October and Cuba is hit by hurricanes regularly, but unlike of the neighbouring countries, in Cuba fatalities are usually minimal. Ensuring good early warnings of storms, and educating the population on what to do if a hurricane strikes are among the Cuban government's priorities.
